SKIN CONDITION GUIDE

# COMPROMISED BARRIER FUNCTION

Viktoria DeAnn's strengthening peptide formulations are designed to restore and protect compromised barrier function, reinforcing the skin's natural defense system for improved resilience and balance. These peptides help rebuild essential lipids, enhance hydration retention, and reduce sensitivity by supporting the integrity of the outermost layer. Over time, the skin becomes stronger, calmer, and better equipped to defend against environmental stressors while maintaining long-term moisture and health.

## COMMON SYMPTOMS

- Dryness and flaking
- Increased transepidermal water loss (TEWL)
- Tightness or discomfort
- Redness and Irritation
- Inflammation or swelling
- Heightened sensitivity
- Rough or uneven texture
- Increased activity
- Breakouts or inflammation
- Negative change in microbiome
- Dull, fatigued appearance
- Poor moisture retention and balance

## SUGGESTED PRODUCTS

### CLEANSE

Balancing Cleanser

### RESTORE

Hyaluronic Peptide
Repair Peptide
Rejuvenator (Mild)
Hyaluronic Peptide Serum (High)
Pepti-Nano Mask
Pepti Nano Neck & Décolleté Mask

### PROTECT

Collagen Gel
Day Moisturizer
Night Moisturizer
VIOpure HydraFirm Eye Cream
