SKIN CONDITION GUIDE

SENSITIVE AND REACTIVE SKIN

Viktoria DeAnn's gentle peptide formulations are expertly developed to care for sensitive, reactive, or compromised skin. These soothing peptides help visibly calm irritation, reduce redness, and reinforce the stratum corneum to strengthen the skin's natural defense barrier. By maintaining essential hydration and supporting barrier integrity, they promote comfort, balance, and long-term skin resilience while reducing reactivity and sensitivity over time.

COMMON SYMPTOMS

- Redness or flushing
- Inflammation and swelling
- Burning, stinging, or itching sensation
- Dryness and tightness
- Visible irritation or inflammation
- Small bumps or rashes
- Increased reactivity
- Easily triggered discomfort
- Overall sensitivity
- Inconsistent texture and tone
- Compromised barrier function
